enables individual staff from a wide range of  
disciplines and care services to join a ground-  
breaking course which will transform people's lives  
who are living and working together.**

***Peter is the most experienced member of Dementia Care  
Matters working alongside David since the first Butterfly  
Care Home began in 1995 – Peter is known for his expert  
training skills with a calm and reflective style.***

## Key Features

This course gets to the essence of **Feelings Matter Most™** and the **Butterfly Approach®**.

A flexible practice-based learning opportunity.

- Designed for VPs, Directors, Managers, Nurses, and Senior Care Workers working with people living with a dementia who wish to positively focus their work.
- Focused on achieving culture change through a model grounded in emotional intelligence and self-awareness.
- Explores the complex and challenging issues within the field of dementia care.
- Twelve days attended workshops across June 2017 – January 2018
- Three optional written assignments offering UK University recognition.
- Invaluable participant online manual.

## Benefits:

- Spend time with Dr David Sheard really learning why dementia care matters so much emotionally and practically to him.
- Learn from David after his 35 years what really works in transforming dementia care.
- Hear directly from the two original course facilitators David and Peter what the very best in dementia care over the last 21 years looks, sounds and feels like and what it takes to achieve this.
- Experience this training: really benefitting from the balance between David's direct, emotional and passionate style, Peter's reflective, thoughtful and very caring approach and Sally Knockers engaging training
- Return to work after these sessions fired up and inspired with the emotional drive to really know how to change things.

## 12 workshops

Dates to be confirmed 2017 - 2018

This course is focused on achieving skills and culture change in care homes. Participants from other services are welcome and they will need to be able to transfer the course manual into their own work role.

## Content:

- Key steps in achieving culture change in dementia care homes.
- The essence of the Butterfly Household™ Model of Dementia Care.
- The method of qualitative observations of peoples' lived experience and quality of interactions.
- Ways for staff to adopt the Butterfly Care Home approach and knowing how to be a Butterfly.
- Training on emotional intelligence as the primary competency in dementia care.
- 'Attached' leadership skills in dementia care.
- The 'Look' Checklist to develop a dementia specific environment.
- 'Butterfly Household Model of Care 'Inspiring Checklist.'
- The real meaning behind and how to reach people's emotions and expressions of 'behaviour.'
- The language of a person living with a dementia - how to develop your feeling based communication skills.
- Skilled approaches in safeguarding balanced with a human rights approach to sexuality, intimacy, relationships and assessing consent.
- Specialist approaches in later stage dementia care.
